Test Results

1 Introduction

1.1 Purpose

The purpose of this document is to summarize the results of testing activities in Online Movie Ticketing System and provide information for test evaluation based on these results.

1.2 Scope

All test results are captured while tests are being executed. These test results are used as input for evaluating the test and for calculating key measures of the test.

1.3 References

The following items identified below are references for this Test Results report:

- Test Cases
- Test Specification
- Use Case Specification

1.4 Overview

The following sections describe the variances of the tests executed with respect to the previous test documents. A summary of these test results are presented.

2 Summary of results

39 test cases executed (Total)

6 errors detected

Test Results – Add Movie (Validation)	
Test Case (S/N)	Status
1 – 7	Succeeded
